October 11-13, 2023
Hamburg / Germany

the art of neuromonitoring

Prologue

Dear colleagues,

It is a great pleasure to invite you to the Masterclass of the IONM in Thyroid and Parathyroid Surgery in Hamburg.

We have put together a very interesting surgical program for you. During the workshop you will have the opportunity to convince yourself of the usefulness of IONM in benign and malignant thyroid diseases as well as in parathyroid surgery.

We would like to invite you to our workshop.
See you in Hamburg.

With kind regards

Prof. Dr. Volker Fendrich,
Dr. Alexandra Zahn

Facts

Schön Klinik Hamburg Eilbek: Endocrine Surgery at Top Level

With more than 2,400 operations per year, the Endocrine Centre at the Schön Klinik Hamburg Eilbek performs the second most thyroid operations in Germany and the clinic is one of the top three specialists in the treatment of thyroid cancer. Europe-wide, it is the largest centre for parathyroid surgery and is one of the largest adrenal gland centres in northern Germany.

This specialization, combined with state-of-the-art surgical procedures and a close exchange with endocrinologists and experts in nuclear medicine from all over Germany, gives patients the security of being treated here according to the best medical quality standards.
